

## **Test the Spirits – Clarity on the Modern Charismatic Movement 5/31/2020**

### **Introduction**

The charismatic movement is a mixture of the \_\_\_\_\_, the \_\_\_\_\_, and the \_\_\_\_\_.

Lack of \_\_\_\_\_ is a primary problem with respect to the charismatic movement.

### **Duty of Testing the Spirits**

The duty to test the spirits implies that we should not be spiritually \_\_\_\_\_.

Spirits \_\_\_\_\_ through human speech.

### **Based on Orthodoxy**

False prophets will not pass the test of \_\_\_\_\_.

The \_\_\_\_\_ issue that is taking place at the cross is not so much the protection of my beautiful metallic gray car outside but it's \_\_\_\_\_ me to God!

Those who teach biblically sound \_\_\_\_\_ and \_\_\_\_\_ are the ones who we should be regarding as \_\_\_\_\_ teachers, and those who teach \_\_\_\_\_ theology and Christology should be regarded as \_\_\_\_\_ teachers.

The reason why so many people follow false teachers is because the \_\_\_\_\_ is following the \_\_\_\_\_.

### **Based on Scripture**

Listening or not listening to the \_\_\_\_\_ identifies who you really are.

Those who do not test the spirits by the Scriptures will end up \_\_\_\_\_ the spirit of error to the detriment and damnation of their souls.
